

Circle of friends is a nonprofit organization which promotes friendships between high school volunteers and students with developmental disabilities. We operate solely with donations from families and businesses in the community. Recently, we were able to extend our program from operating once a week to two times a week, driven by requests from families with children with autism and related disorders to expand our current program. Therefore, we are asking the community to help our organization with donations or merchandise that can be utilized to improve our program activities. Because our organization, including staff, is run by student and adult volunteers, any donations you make will be used directly towards our friends with disabilities. With your help, Circle of Friends can continue to grow and provide better opportunities for interaction with peers for children and adults with disabilities. We envision that our organization will continue to grow and with your sponsorship, we can continue to improve the lives of those with developmental disabilities in our community for years to come. Thank you!
